

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

#### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

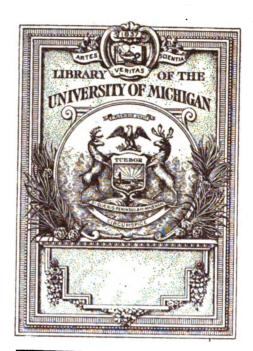

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

- SIR,—I have the honour to submit the accompanying reports respecting the various organizations constituted to undertake contracts of insurance, indemnity or guarantee in the Province of Ontario. Of these insurers the Ontario insurance Act (R.S.O., 1897, c. 203) distinguishes the following divisions:
- A. Registered Dominion Licensees: being Insurance Corporations, Companies or Underwriters operating under or by virtue of the Insurance Act of Canada and registered by the Province of Ontario, for the transaction of insurance in the Province.
- B. Provincial Licensees: being Insurance Companies licensed, inspected and registered by the Province of Ontario, for the transaction of insurance therein.
- C. Registered Friendly Societies: being Societies registered by the Province of Ontario for the transaction of insurance therein.
- Of these divisions, the Companies comprised in Division B (Provincial Licensees) are alone inspected by the Province, and are here reported on in the usual form and with the usual financial details pursuant to the provisions of the Ontario Insurance Act.

All of the Companies in Division A, except Ocean and Inland Marine Companies, make financial statements annually to the Dominion of Canada; and those statements, as revised by the Dominion Superintendent, can be found in the Superintendent's detailed Annual Report. The balance sheets, therefore, printed here, under Division A, are limited to those of Ocean and Inland Marine Companies.

The report upon Division C (Friendly Societies), made on the 26th of January, 1893, related to their mode and place of incorporation; the statutes and instruments under which the Societies were constituted, and those by which they are now governed; the kind of insurance or insurance benefits undertaken; that report also showed *inter alia* whether or not the certificate holders generally are secured by a surplus fund; and, if a surplus fund is maintained, whether any of this surplus is held in Ontario, if any, how much, how invested, and by whom held and controlled.

The present report upon Division C contains in substance the Annual Statements for the year ending 31st December, 1910, made by the Friendly Societies to the Department of Insurance for Ontario, under section 96 of the Ontario Insurance Act (R.S.O., 1897, c. 203).

In order to prevent unnecessary delay in publication, the three Divisions have been placed simultaneously in the printer's hands—the pages of the Several Divisions being distinguished by the Division letter prefixed. Division indexes have been inserted at the end of the volume. These indexes show the Companies and Societies standing registered at the dates therein mentioned.

I have the honour to be, Sir,

Your most obedient servant,

A. R. BOSWELL.

Inspector of Insurance and Registrar of Friendly Societies.

#### CALLS ON CAPITAL STOCK.

\*Number of calls made, 3. Respective dates, 16th March, 1896; 25th April, 1904; 30th May, 1904. Rate, 10, 20 and 40 per cent. respectively.

\*By a special resolution passed at the Annual General Meeting of the members and shareholders on 26th February, 1907, and confirmed at Special General Meeting on 23rd March, 1907, the subscribed capital stock was reduced to \$87,300 and the amount paid up thereon was reduced to \$43,650.

#### The resolution is as follows:-

"Whereas the subscribed capital of the Fire Insurance Exchange Corporation, Stock and Mutual, is \$145,500, consisting of 1,455 shares of \$100 each, upon which \$70.00 per share has been paid and \$30,00 per share still remains unpaid subject to call.

"And whereas through losses suffered during the great conflagration which occurred in Toronto, in 1904, the said capital became and is impaired, and it has been found impracticable to make such impairment good out of profits, and it is therefore advisable to write off the said capital the sum of \$58,200, being \$40 per share.

"Therefore, it is resolved that the subscribed capital stock of the said Corporation be and is hereby reduced to \$87,300, and each share of the Corporation be and is hereby reduced to the sum of \$60.00 per share.

"Nothing herein contained shall affect the liability of any shareholder upon his shares, but the same shall remain as at present, \$30.00 on each share being and remaining liable to call."
